Auth Systems

Admin Panels

Web Security

Performance

Clean Code

LANGUAGES

- English (Professional)
- Urdu (Native)

PROFESSIONAL SUMMARY

Highly motivated and detail-oriented Full Stack Software Developer with 2+ years of experience designing, developing, and deploying secure, high-performance, and scalable web applications. Proficient across front-end frameworks (React.js, Bootstrap 5), Microsoft backend technologies (ASP.NET Core Web API, C#), PHP, and relational databases (MySQL, MSSQL). Driven by clean code architecture, UI/UX excellence, SEO optimization, and creating seamless user experiences.

PROFESSIONAL EXPERIENCE

Full Stack Software Developer

2+ Years Experience

- Architected and developed responsive full-stack web applications using ASP.NET Core, React.js, and PHP.
- Designed and integrated secure RESTful Web APIs, implement authentication & authorization protocols.
- Built robust admin dashboards with real-time analytics, user role management, and database integration.
- Optimized database structures, queries, and indexing for MySQL and Microsoft SQL Server.
- Engineered custom WordPress themes and plugins aligned with specific business requirements.
- Executed technical SEO improvements, responsive UI engineering, and web performance tuning.
- Maintained strict version control and collaborative workflows using Git and GitHub.

FEATURED PROJECT HIGHLIGHTS

Restaurant Management System & Admin Dashboard

Engineered full-featured management system with role-based authentication, menu control, order tracking, and relational MSSQL backend.

E-Commerce & Business Web Platforms

Developed scalable online stores & business sites featuring payment integration, custom PHP/MySQL backend, and React UI components.

Custom CMS & API Integration Projects

Created custom WordPress solutions and standalone REST APIs, ensuring high performance, responsive layout, and top-tier SEO rating.

PROFESSIONAL STRENGTHS

✓ Clean & Maintainable Code | ✓ Rapid Problem Solver | ✓ Team Collaboration | ✓ Security & Performance Focus
